Maybe even better than free.

When you use file, you avoid storing the file you're sending in your cloud storage or mail server. If only we could, we surely would! On the other hand, using file can actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. It is also allowed to link to the download page from websites and communities. Simply upload your file and share the link. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can't make that part free. Our service is completely free for everyone. Keep your files private, or send your download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. No account or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. filehosting provides an easy possibility for you to send largefiles to your friends. Using file, you can circumvent those limits without paying to upgrade your team chat service. The cost of that data transfer is covered byyour internet service or the data plan on your phone. There are no restrictions on the number of times a file can be downloaded. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. Just upload the file you want toshare with your friends and we send you a download link to your file. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts.We have no file size limit. You can give this download link to your friends by mail or instant messenger. You don't need any special software installed to beable to download your files. You decide who you want to share your files with. File is free to use with no gotchas and no hidden fees. You can upload any typeof file (movies, music, documents, images, zip files and more).
